

## Surcharge

Dear customers,

The entire plastics processing and manufacturing industry continues to be in an exceptional situation.

Therefore, we currently levy an **inflation surcharge of 6,5% from 01.06.2023.**

The surcharge can be corrected upwards as well as downwards, depending on the further development on the market.

The current price for existing and new orders at the time of delivery will always be communicated to you with the order confirmation.

We ask for your understanding and look forward to a good cooperation in the future.

If you are not the correct contact person in your company, please forward the letter to the right department/person. Thank you.

Yours sincerely

Nölle Kunststofftechnik GmbH
